

SECOND YEAR CAREER DEVELOPMENT

Begin developing a major. Find a gain-hand experience available in a field and career. Remember, job placement means a successful career.

CHECKLIST

Explore your interests

- n Meet with a career counselor to discuss your interests and brainstorm ideas for the fall.
- n Attend CDC games, workshops, and career fairs.
- n Learn about local, national, and international career opportunities and make a list of them.
- n Conduct informational interviews with professionals in your field of interest. Contact the CDC for a list of contacts.
- n Consider developing a plan for your fall semester and next year.
- n Take on leadership responsibilities in your organization. Embrace the challenges and make the lead.
- n Consider data analysis in your field, gain international experience, and develop an enhanced resume. Discuss with your advisor and academic advisor and the Global Engagement Center.
- n Take a career in a field and build experience by doing an internship, summer job, or a part-time job related to your major. Consider how you can develop your experience and an effective resume for Hamline life.
- n Consider doing research, Handshake, and LinkedIn to help you add new experience and begin your resume for the fall semester in your field.
- n Declare a major by the end of the semester.
